Julie,

I really don't know where to start. It's hard to believe that this year is over. Remember the great night of October 24 and all of the bushes and high phone bills. (Also "Maumee Valley News"). Also remember the start football game and the candlelight pep rally (You fool!!) Of course than there was the night of the ham. We're gonna take a trip to the art museum and see some of Leo's great paintings. Also remember the time with the brass quartet there. Hey, there were some pretty good times in band this year. (Jeff Stewart & the Homecoming Dance, Stokes & Felts catching us skipping out, Grabill watching us skip out etc, etc) I could go on forever about some of those times. Of course there is also "salt, ketchup and mustard." Have fun sailing this summer and maybe I can drive us out sometime. Too bad about the last few weekends. I just remembered New years Eve and the times at Southwyck. As I said before I could go on but...

Good Luck to ya Always.

See ya around

Julie Ann Auffderheide,

How are things? This year has really been something. The long story began in late August when Mr. Right walked into our lives. (Guess Who) A short time later I was run over by a car and Mr. Right #2 entered our lives. (Garden Road) Now the story proceeds in getting even more complicated. Mr. Right #1 has a little brother, Mr. Right #3. A trip to the art museum brought a lot of embarassment to all. One evening in October brought havoc on us all. Boy was that a situation. We have been haunted by the incident ever since. Another Mr. Right, #4, has entered the picture but is occupied. Various other antics have happened through out the year and that brings us up to the present time. This ends the chapter of this novel named "Julie, Julie and Connie Go Fox Hunting.")

The next chapter begins at the end of the year and will be continued next year.

See you then.

Sincerely yours,

Julia Anne Barnes

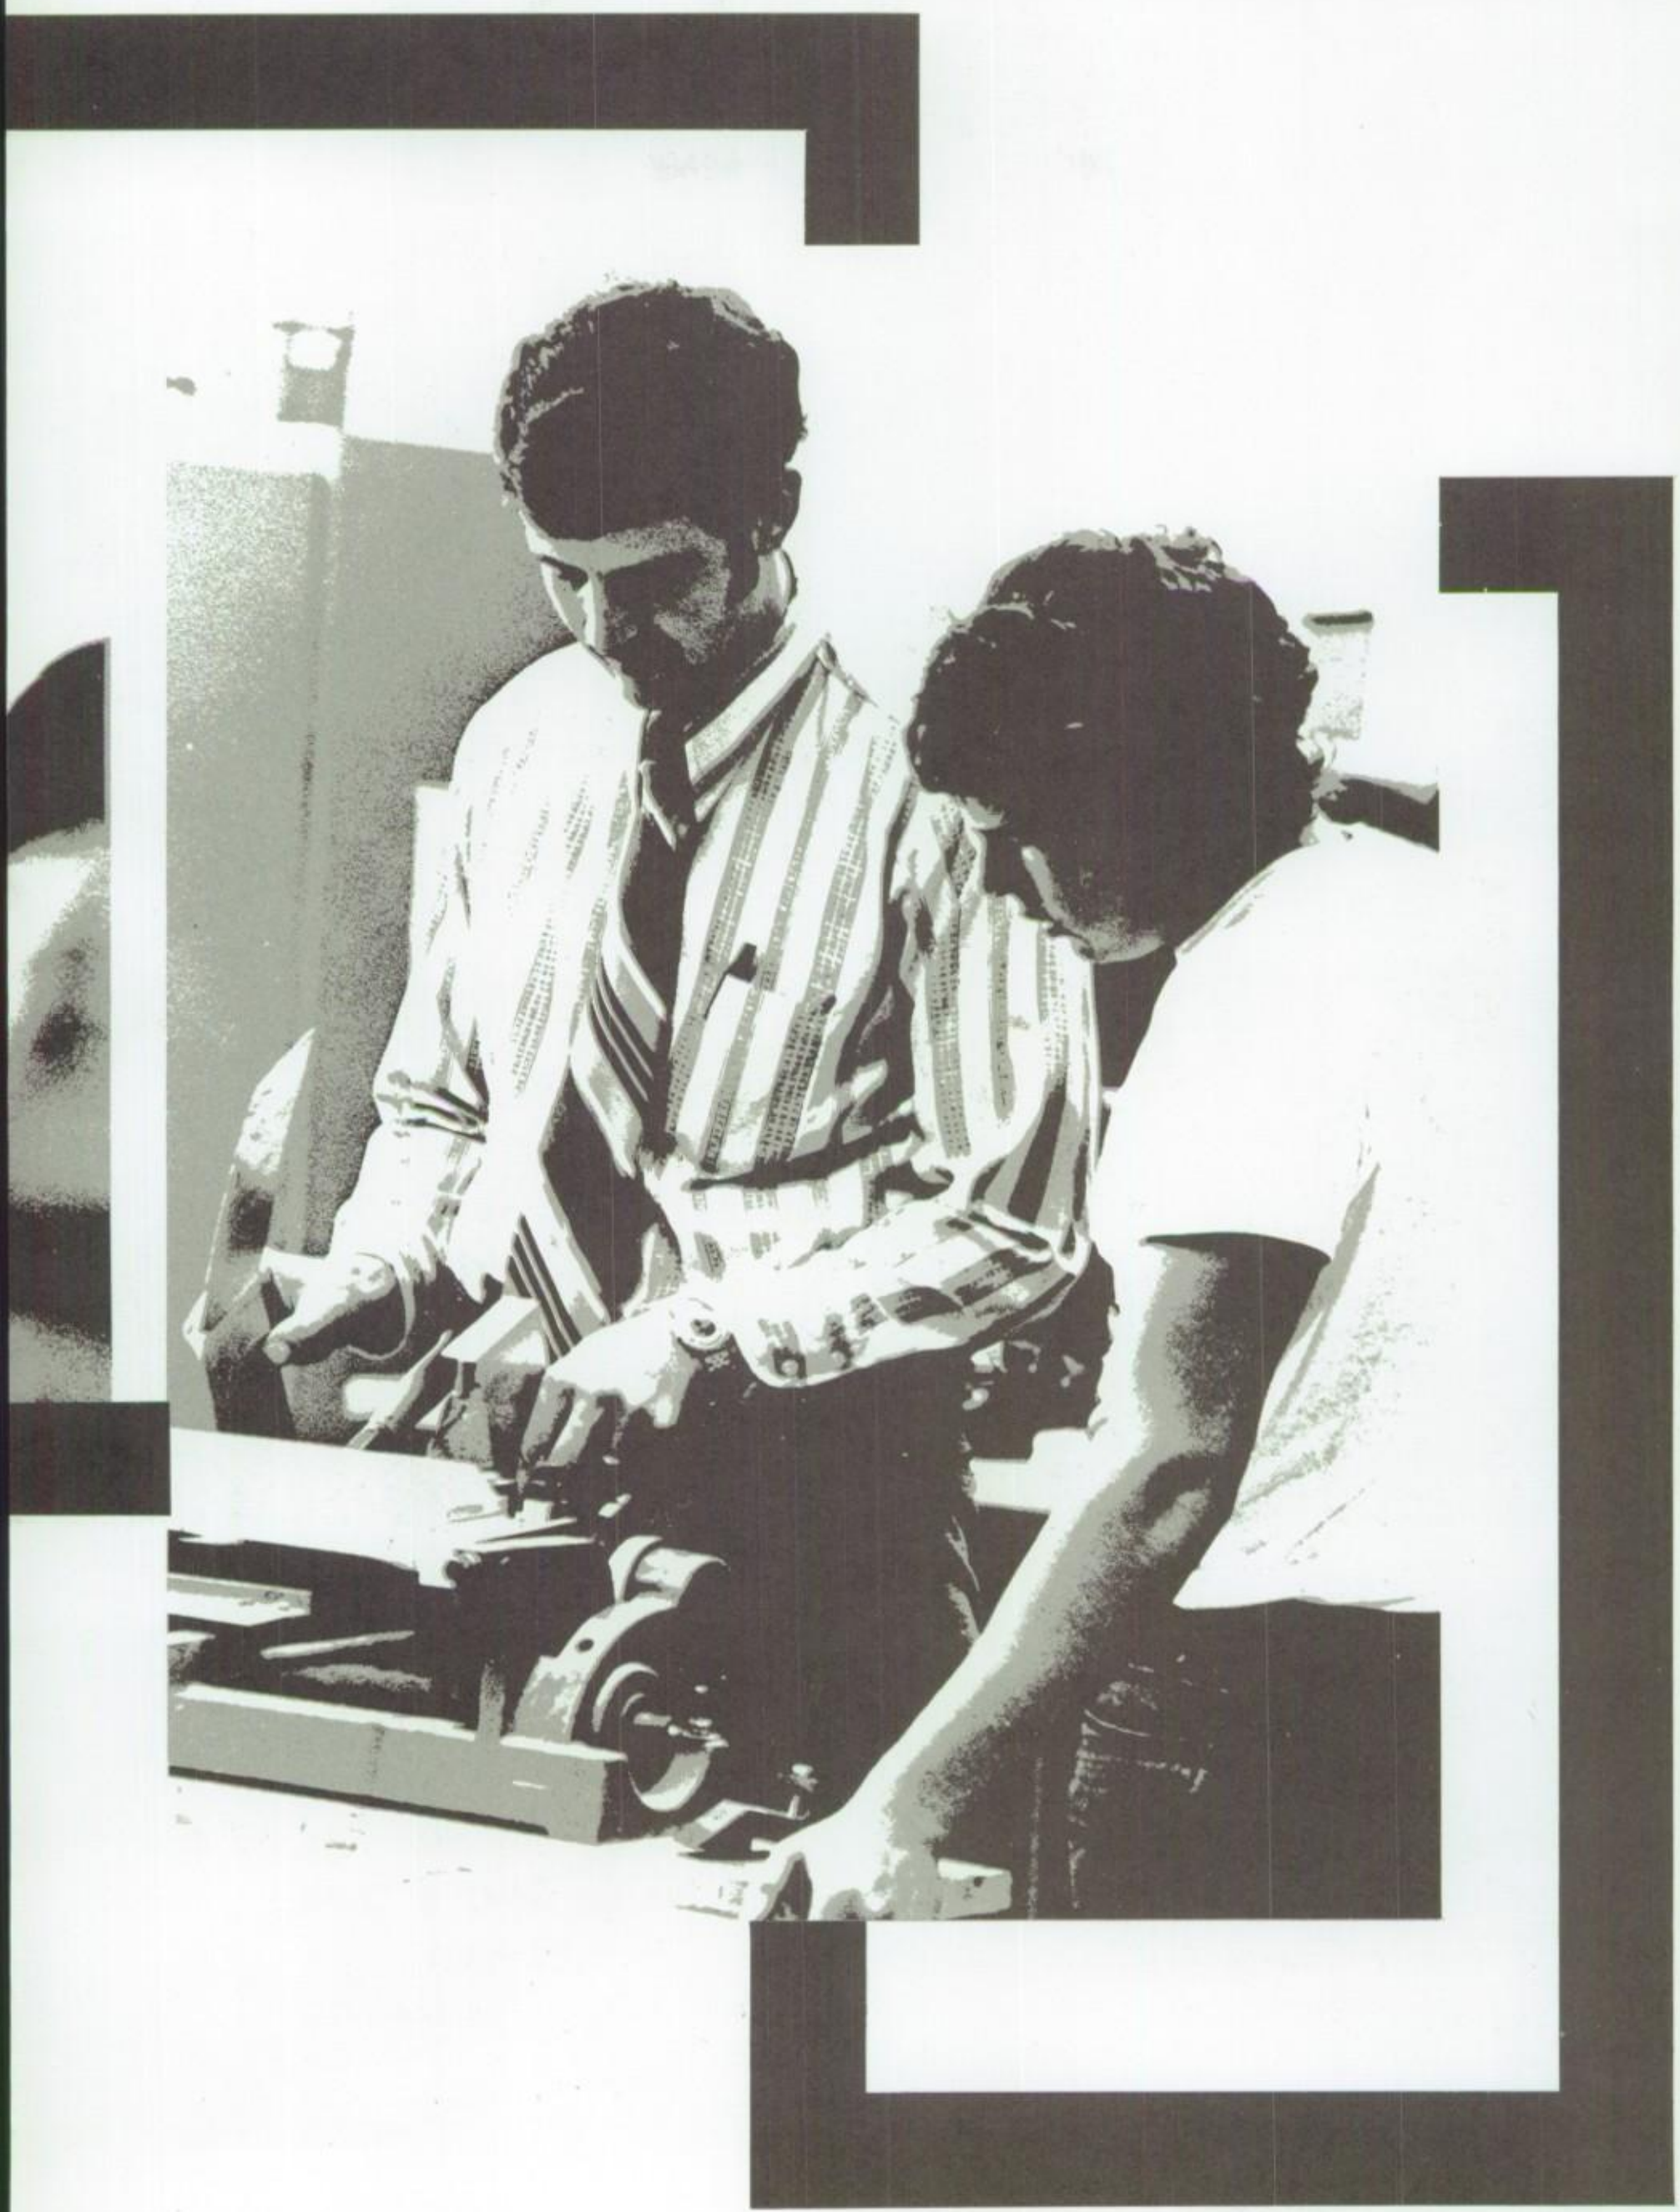
When all our dandelion days are done
we'll run the fields no more
in search of wild roses
that grow out on the moor.
When all our dandelion days are done
we'll turn our heads away
from every silver morning
and every golden day.

Sweet September's open arms
belong to us and hold us now.
The summertime sings songs
to us and only us. But wait. . .
When all our dandelion days are done
we'll run the fields no more
for all the wild roses
will be withered on the moor.

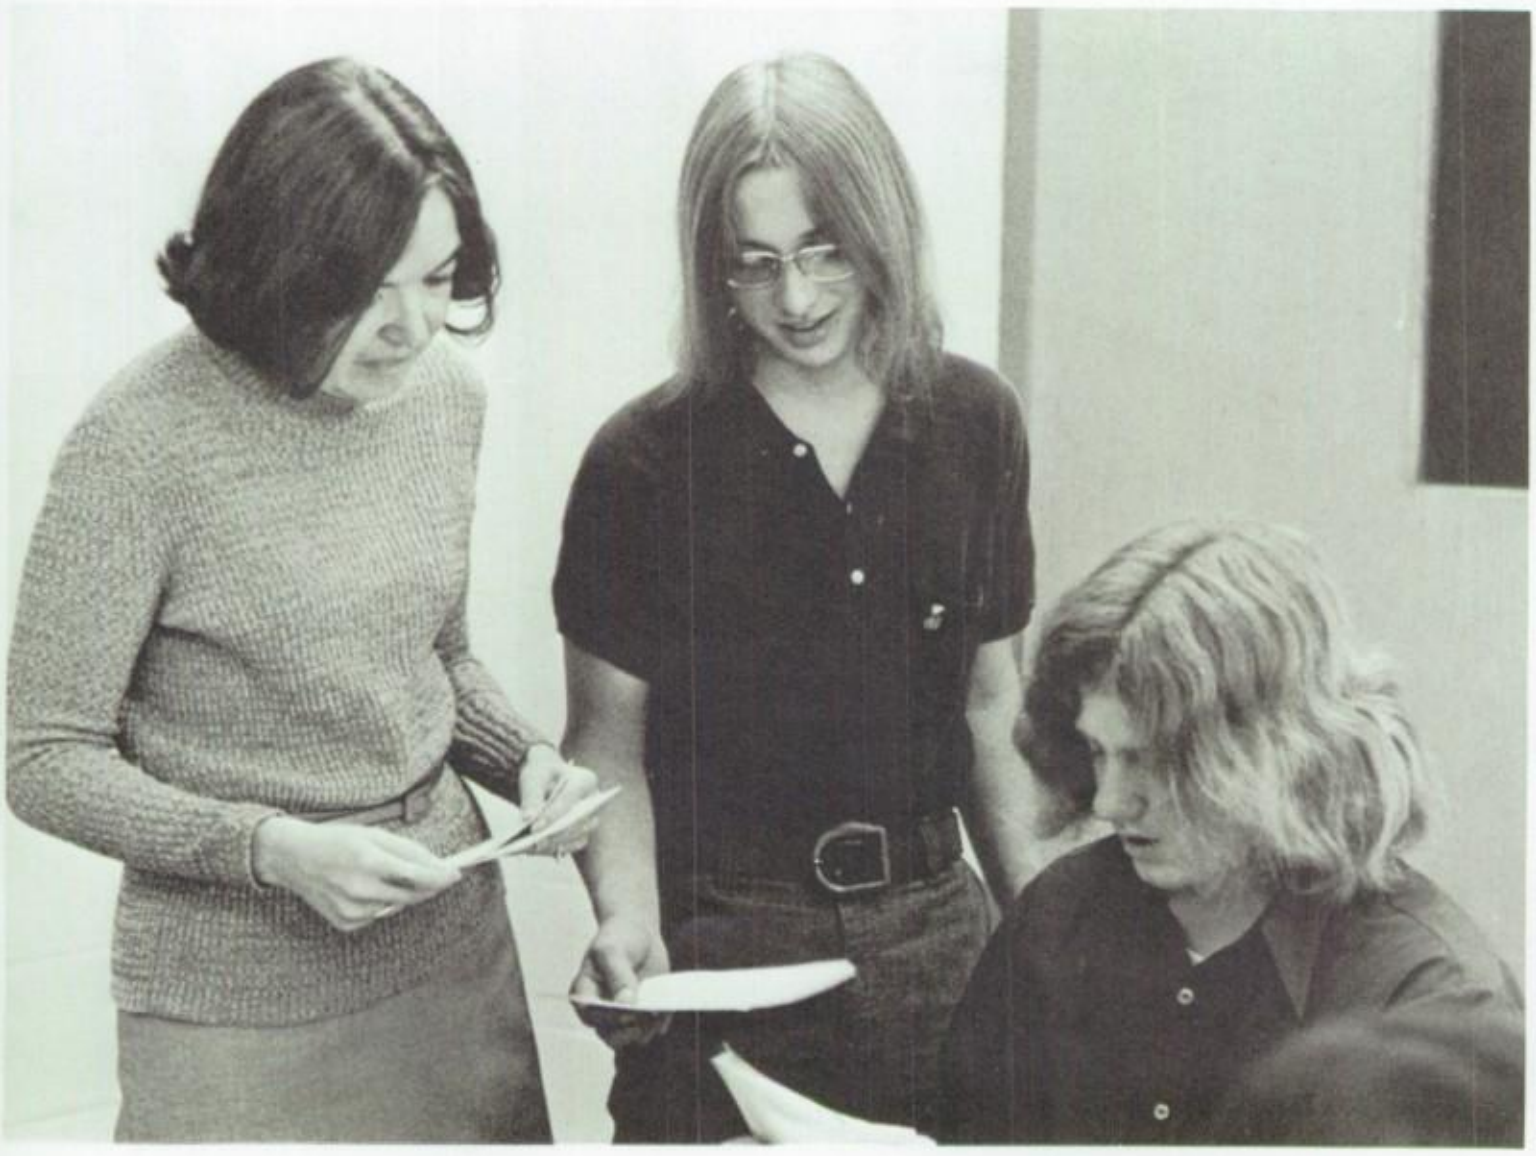


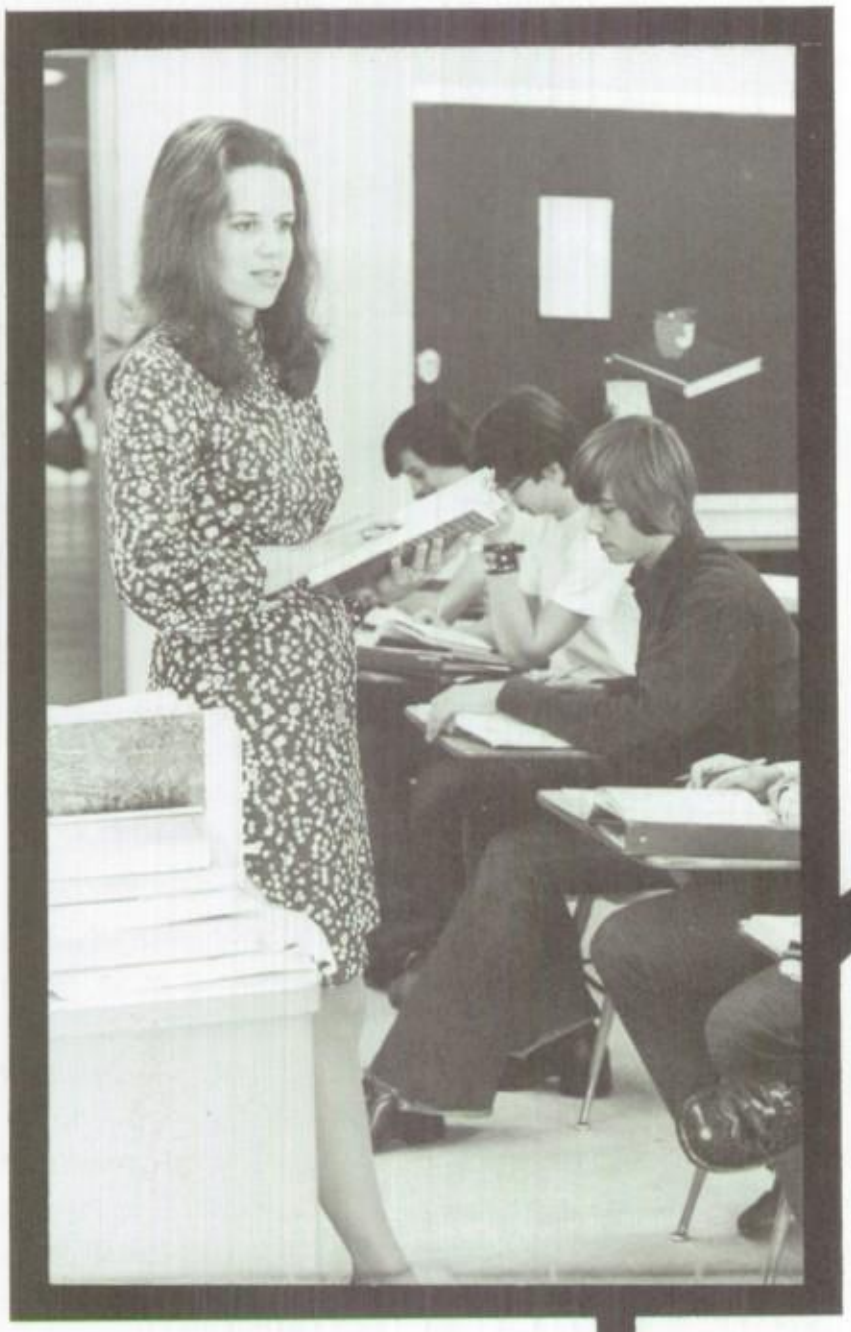
Effective Writing, Speaking, and Reasoning-Goals of English Department

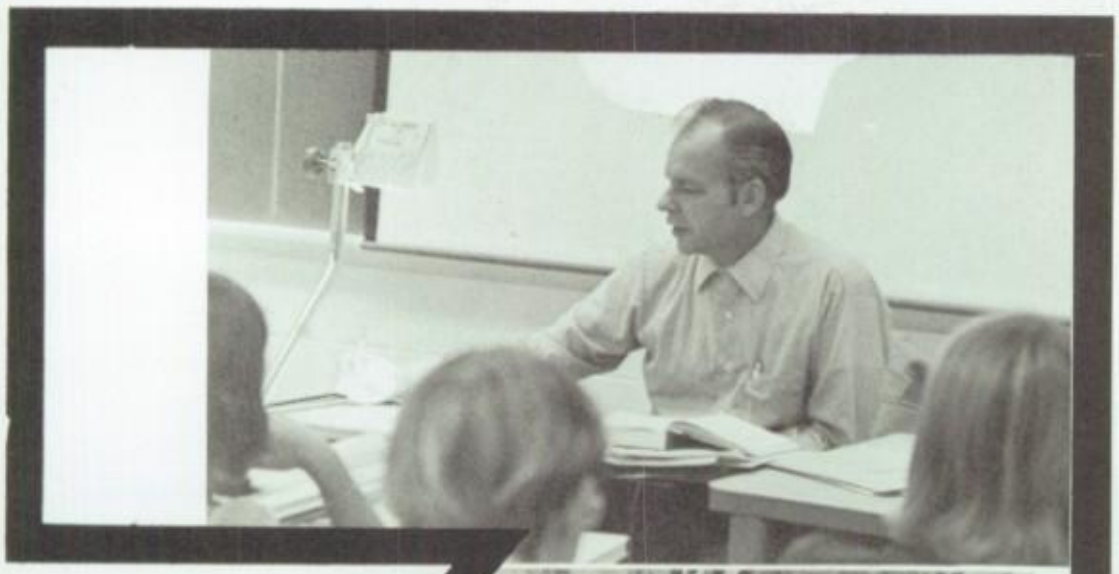
One of the major goals of the English Department is to increase communication skills, — listening, speaking, writing, — and to expand students' reasoning ability.

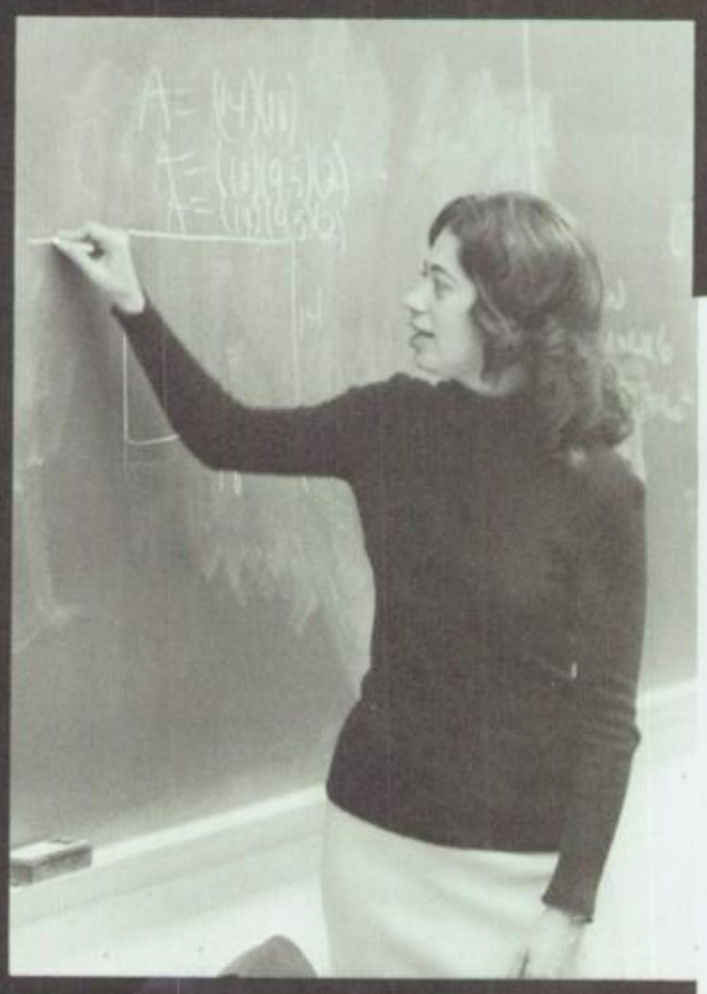
At the Freshman and Sophomore levels, students study all forms of literature. A Junior may choose between American Literature Survey or a course in the Literature of Social Protest. Other electives include, British Literature, and Speech for Seniors. Students who wish may take Advanced Placement English in high school. One semester electives this year include Language Study, and Prose and Composition.

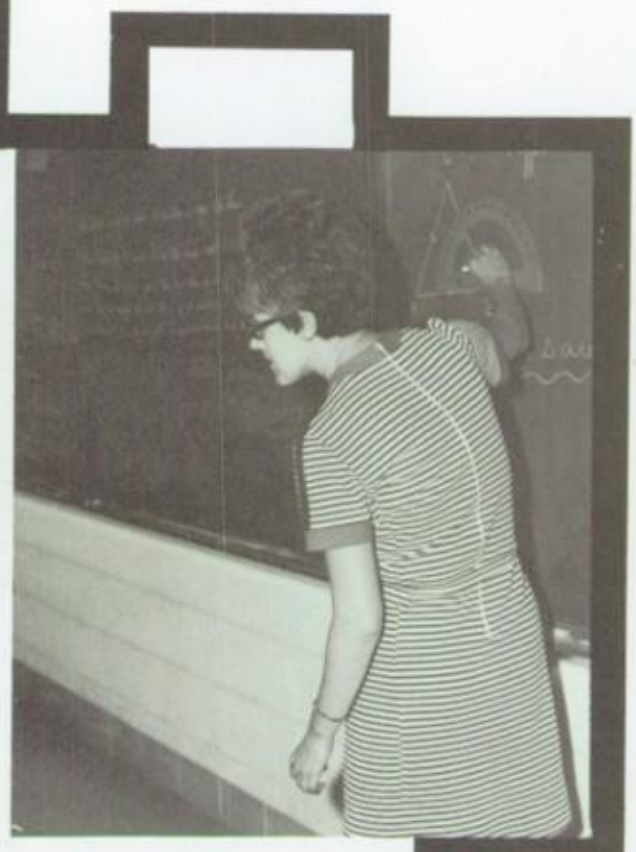
Members of the English department provide opportunities for Students to develop their personal interest in such activities as the (Rebellion) newspaper, (Apogee) the yearbook, and a Drama Club.











New Math Club Provides Tutoring Services For Area Students

The Math Department offers a wide variety of courses for interested students. These include: Basic Mathematics, Applied Mathematics, Algebra One, Geometry, Algebra Two, and Senior Mathematics.

This year students have started a Math Club, headed by Mrs. Marsha Helvoigt. These students tuitor other students who are having difficulty in applying mathematical equations to their lessons. The club also invites professors from Toledo University to talk to students about different branches of mathematics, and their application within our society.

Laboratory Experiences Enhance Learning Situation in Science

Our Science Department offers many different courses. These include Modern Physical Science, Biology, and B.S.C.S. (Biological Science Curriculum Study). Chemistry is offered for Juniors, Physics for Seniors, and Physiology for Juniors and Seniors.

B.S.C.S. stresses much labratory work and the molecular approach. Students in Physiology study the anatomy and functions of the human body. Models, charts, and microscopes are used, along with fresh animal specimens.

Students Learn About Concepts Of American Business System

The Business Department offers subjects such as General Business, Bookkeeping, Typing, Notehand, Shorthand, and Junior and Senior Block, which enable students to develop a comprehensive understanding of the American Business system and its role in our economic world. Basic economic concepts are studied and applied to experiences in living and working.

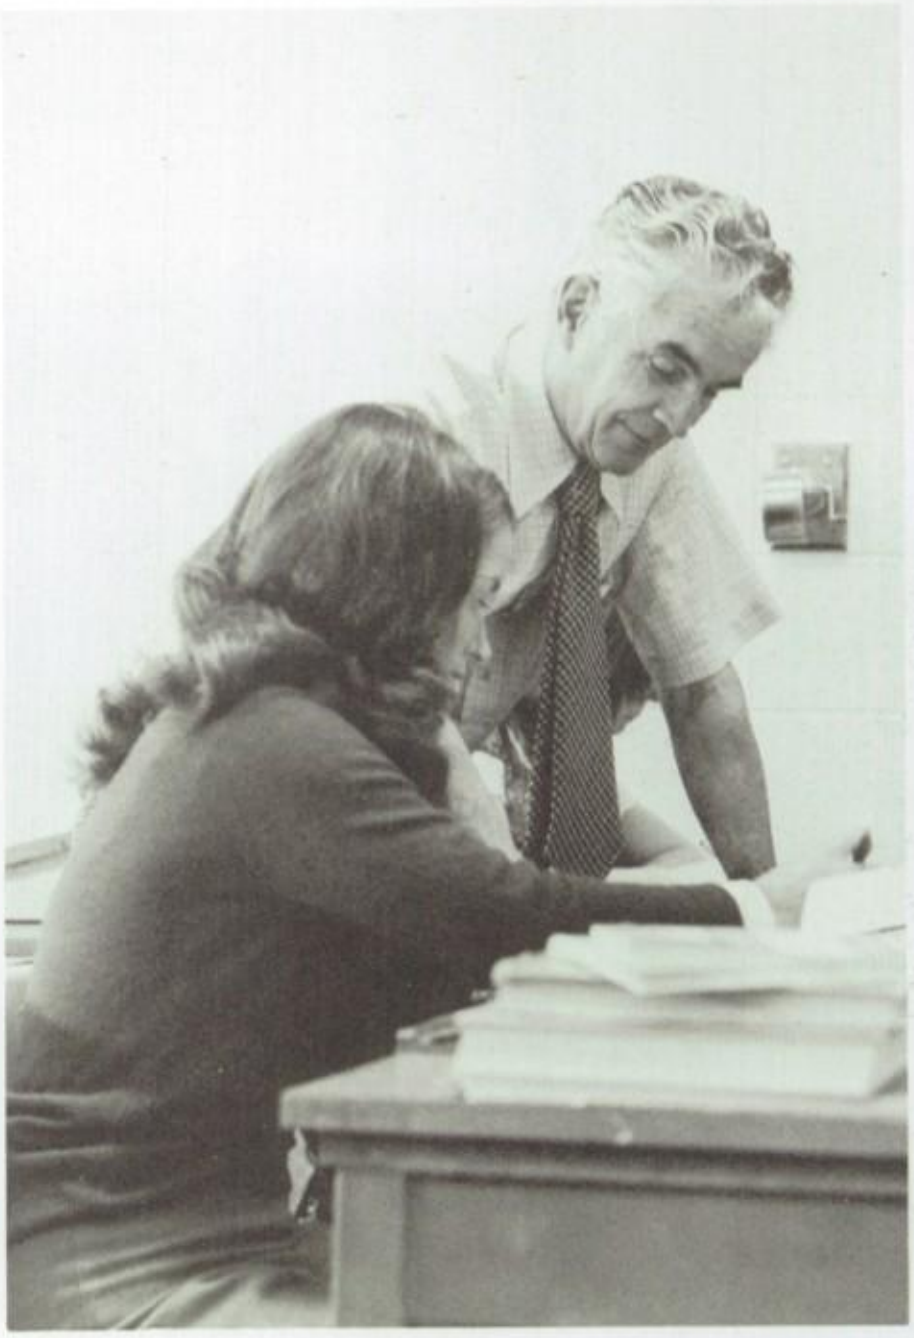
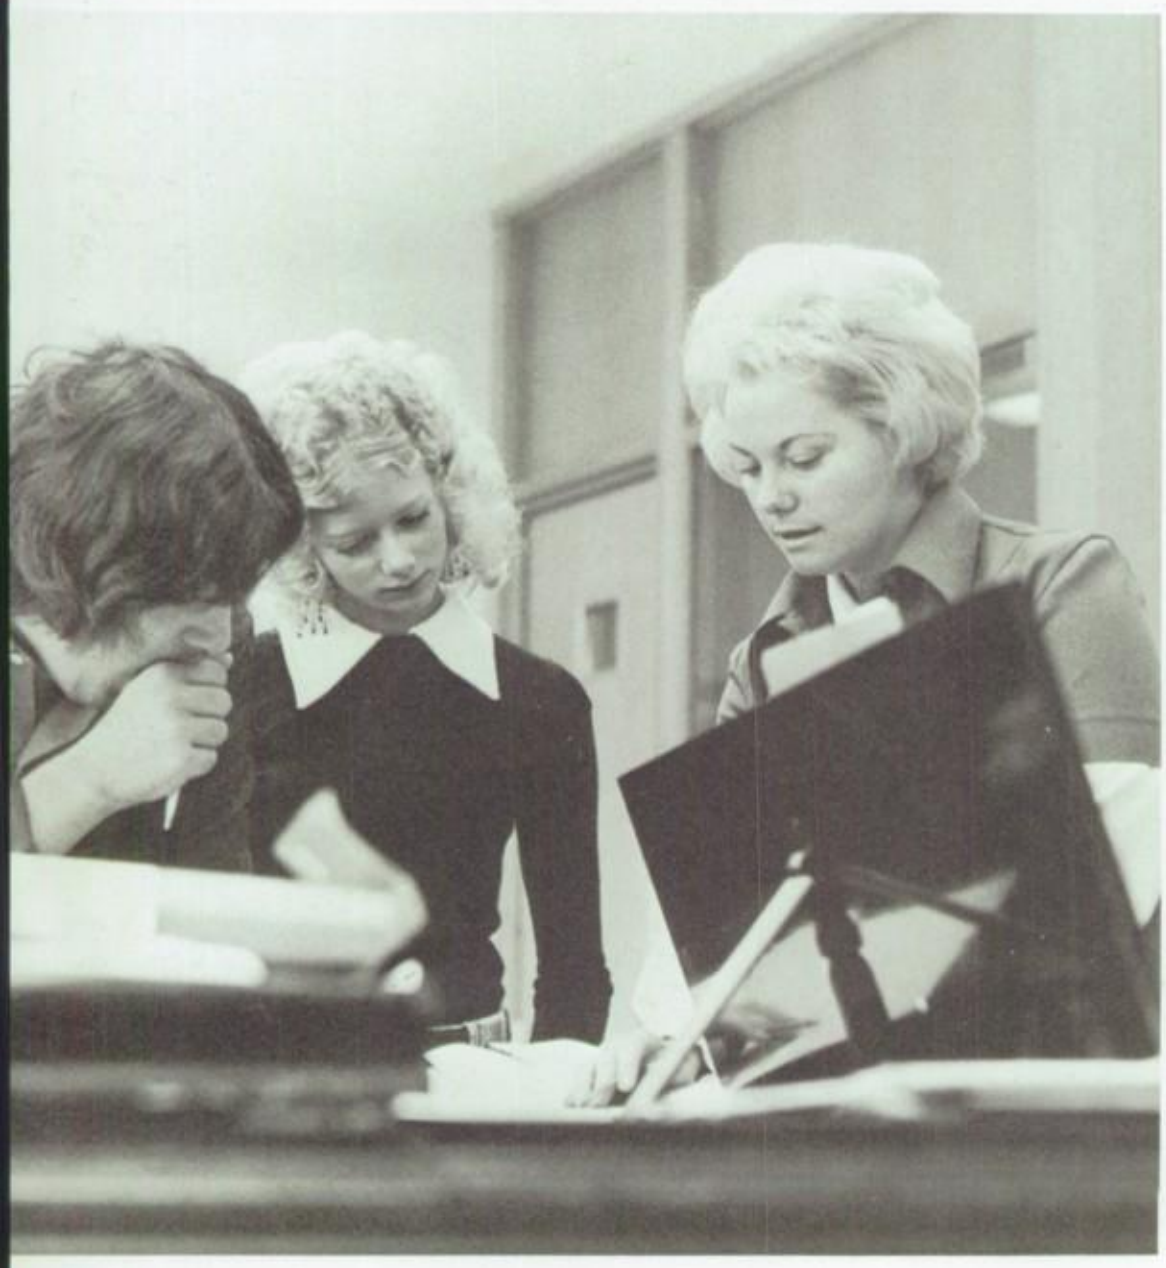
History Department Adopts New Pilot, Mini, and Special Interest Electives

The History Department has added many new pilot courses to its curriculum this year. These courses include: "Early Man," "Classical Civilization," "Military History," "The Age of Revolution," "Contemporary Thought," and "20th Century History." These courses approach the traditional subjects in a variety of different ways, and are designed to renew interest in the social studies.

In a personal note, Gordon Meek, who is presently finishing his work on a doctoral degree, is scheduled to return to Bowsher next year.



Fine Arts Develop Students' Creativity and Originality



Students majoring in music may choose from Music Theory, Band, Orchestra, Dance Band, Choir, Madrigals, and Girls' Ensemble.

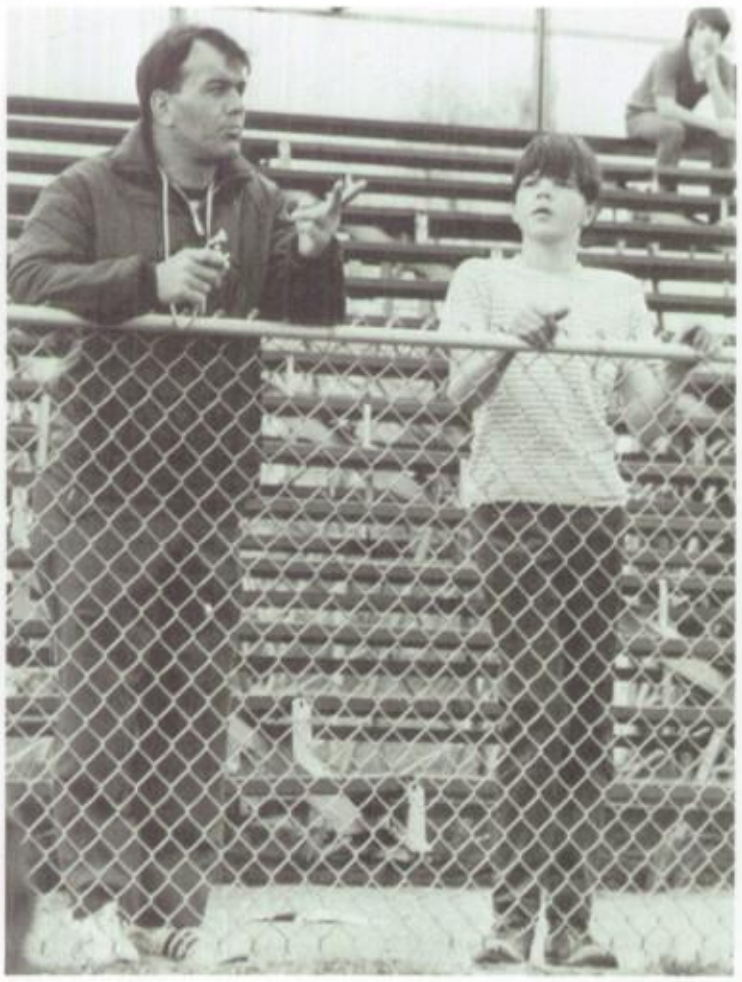
Both Madrigals and Girls' Ensemble sing outside of school, and choose separate music from the Concert Choir. These special classes are now scheduled on shcool time and receive one class credit.

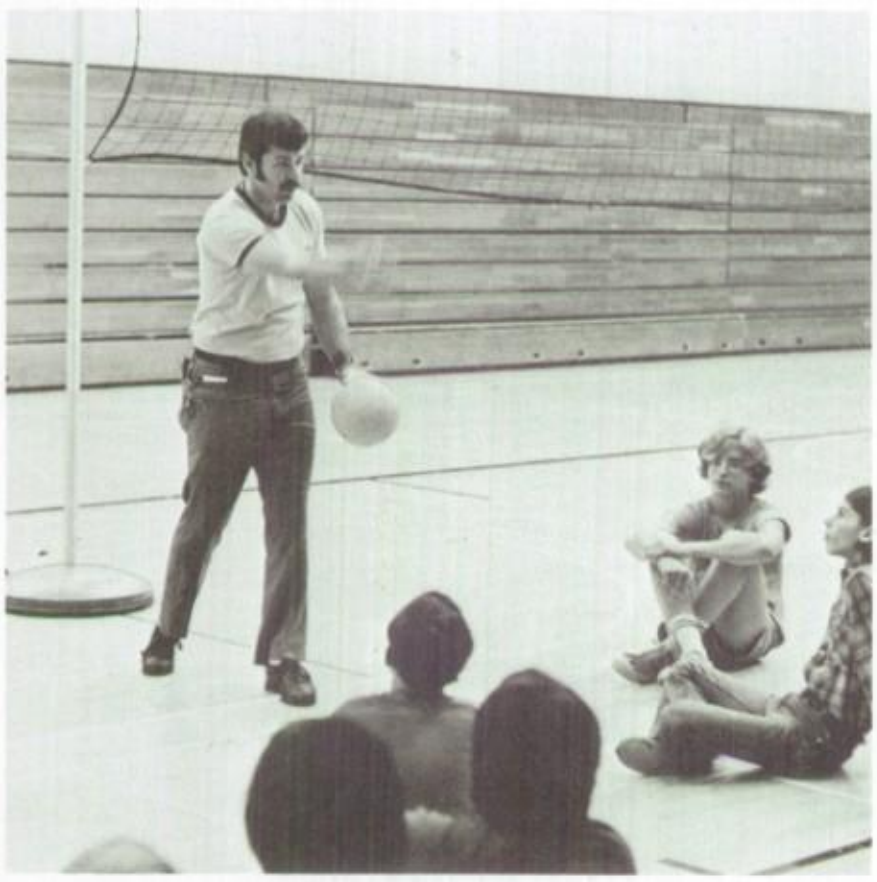
Artistically inclined students may choose from General and Advanced Art, Commercial Art, Painting, Ceramics, and Drawing. Students in Commercial Art learn lettering styles and techniques as well as the selection of letters with appropriate subjects. They finally learn the use of these special techniques in menu making, newspaper advertising, and letterheads.

Learning About people Far Away Brings Them Closer to Better Understanding of Self

The Foreign Language Department offers courses in French, German, Latin, and Spanish. In the first course emphasis is placed on vocabulary, pronunciation, and the basic structure of the language.

All second year languages continue stressing the grammar, but students' vocabulary is greatly increased. During the third year emphasis is placed on foreign cultures and traditions. The fourth year continues the study of literature, history, and culture heritage.





Physical Education is a required course for freshmen and sophomores. Students participate in such activities as football, floor hockey, tumbling, basketball, and track for boys, and archery, speedball, volleyball, bowling, modern dance, and softball for girls. Freshmen are also required to take one semester of Health.

Intramurals play an important part in the physical fitness program. Approximately 200 boys are involved in basketball and bowling while about 160 girls take part in intramural archery, bowling, softball, tennis, and volleyball. Each are separated into divisions with division winners then playing for the championship.

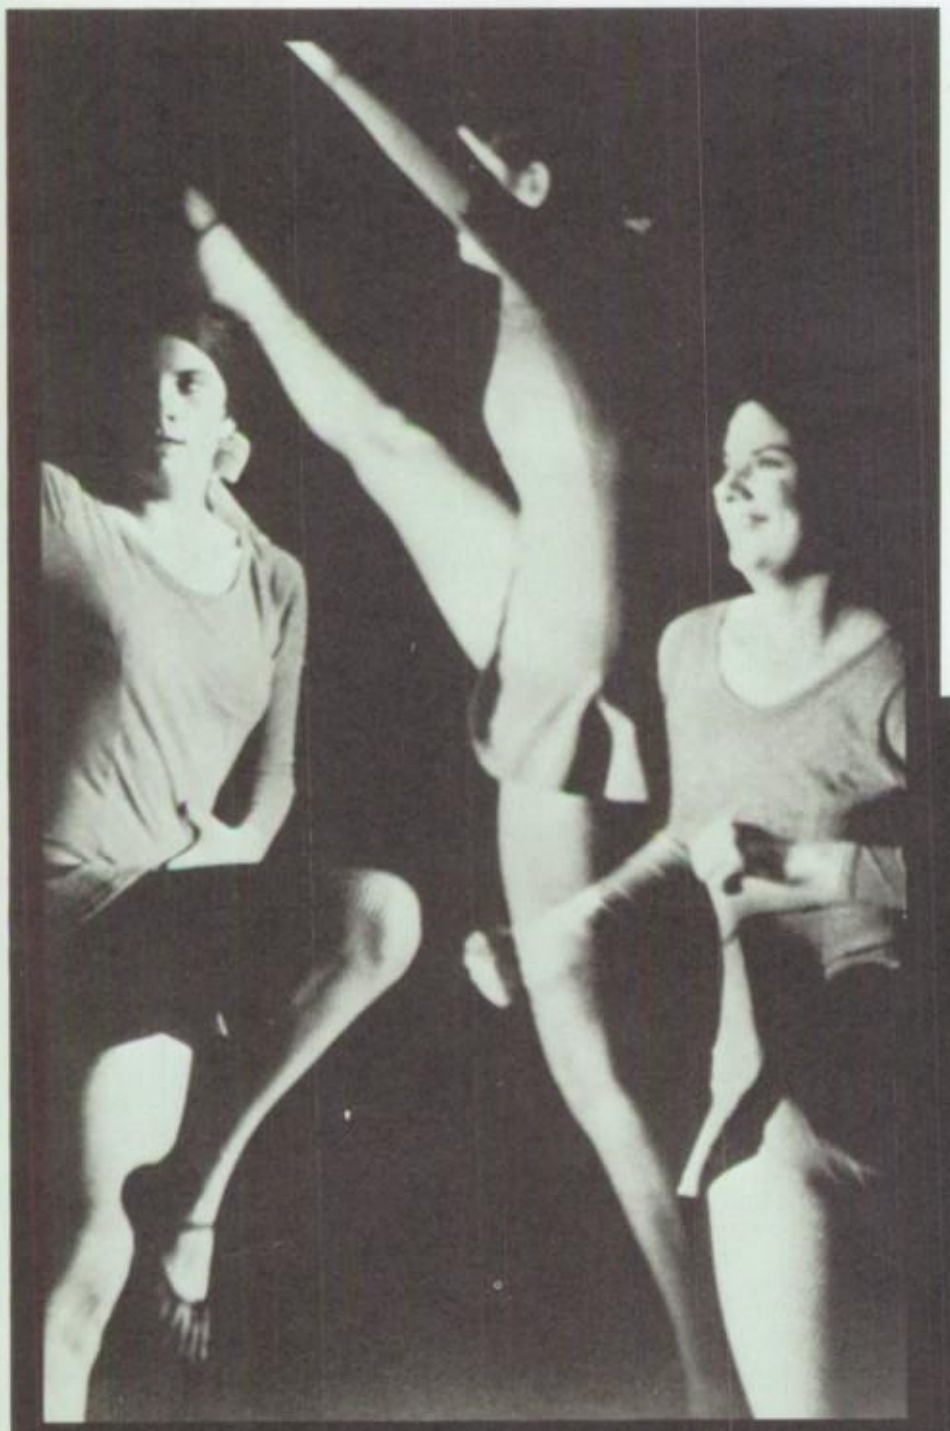
REBELES 73

"The Unreal Estate,"

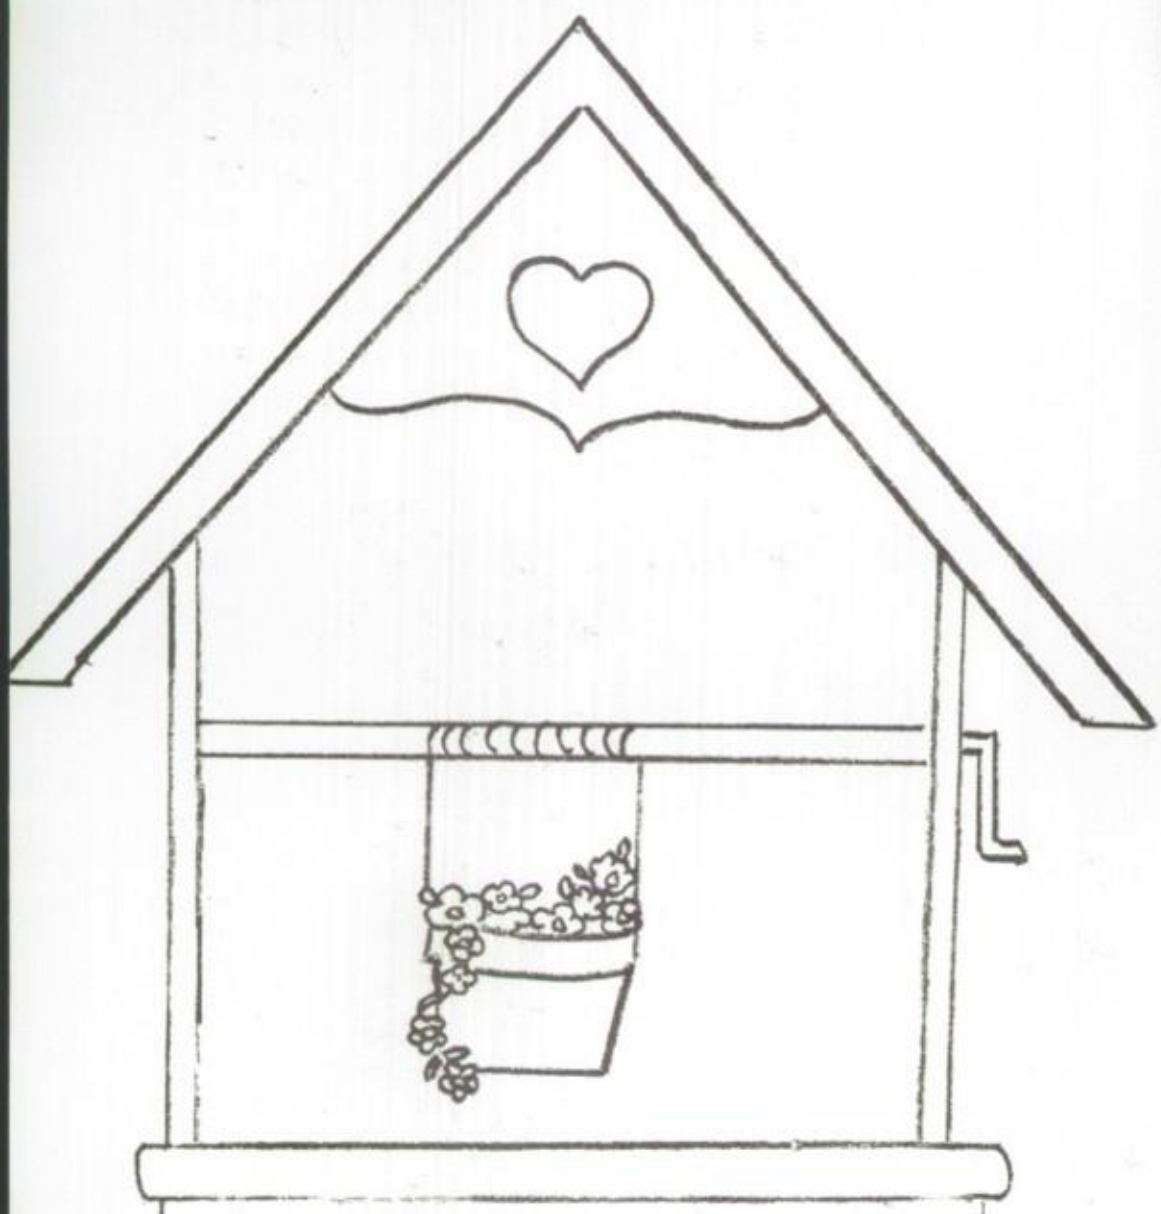
Rebelees 1973



The setting for Rebelees '73 was a decrepit old mansion with its very own ghost. Problems arose when Edward Stiles III (Mark McGovern) decided to sell Stiles Manor because of sky-rocketing costs. The ghost of Edward Stiles I (Jim Vernier) haunted his grandson with the decision to sell the house. The ghost decided that if the mansion must be sold, he would select the buyers. The two parties wanting to buy the mansion were the Hydes (Kevin McGovern and Carol Cox) and Sir Winston Oakshot (Tim Perry) and his daughter (Chris Shemas). Grandfather Stiles is able to rest once Stiles Manor is sold to the Oakshots.

Rebelees '73 was directed by Ray McNeill and Anne Burkey with Mickey Manworren as technical director. Miss E. Papps and Mr. J. Burns advised the production.

Nights Worth Rememembering- "Caught in a Dream" and "Free Fare"



The 1973 Prom, "Caught in a Dream," was held May 18th at the Masonic Auditorium. Guests danced to the music of Jack Runyan and watched as Gene Walters, (shown at right) escorted by Bob Evans, was crowned Dream Queen. The rest of Gene's court included Chris Hemple, Carolyn Eikost, Pam Doyle, and Sally Biel. A Bowling party followed the dance and added an informal aura to the special night.

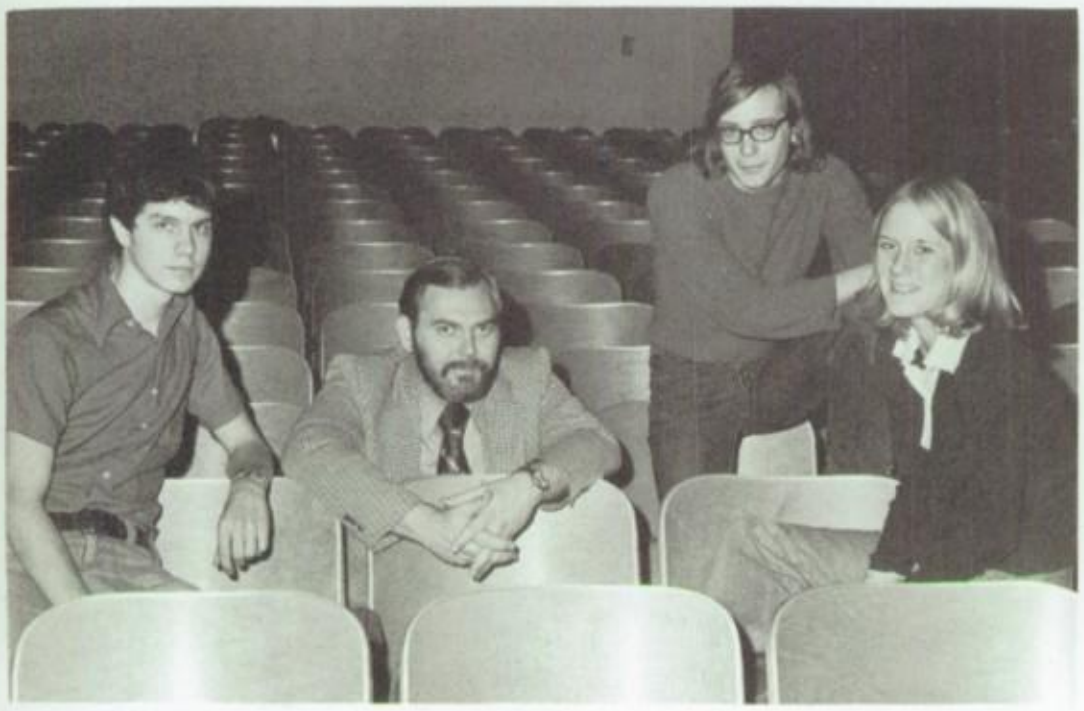
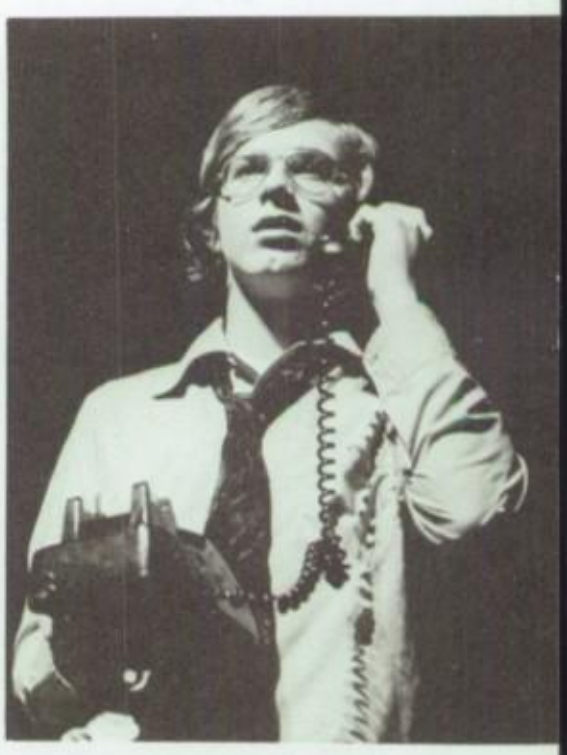
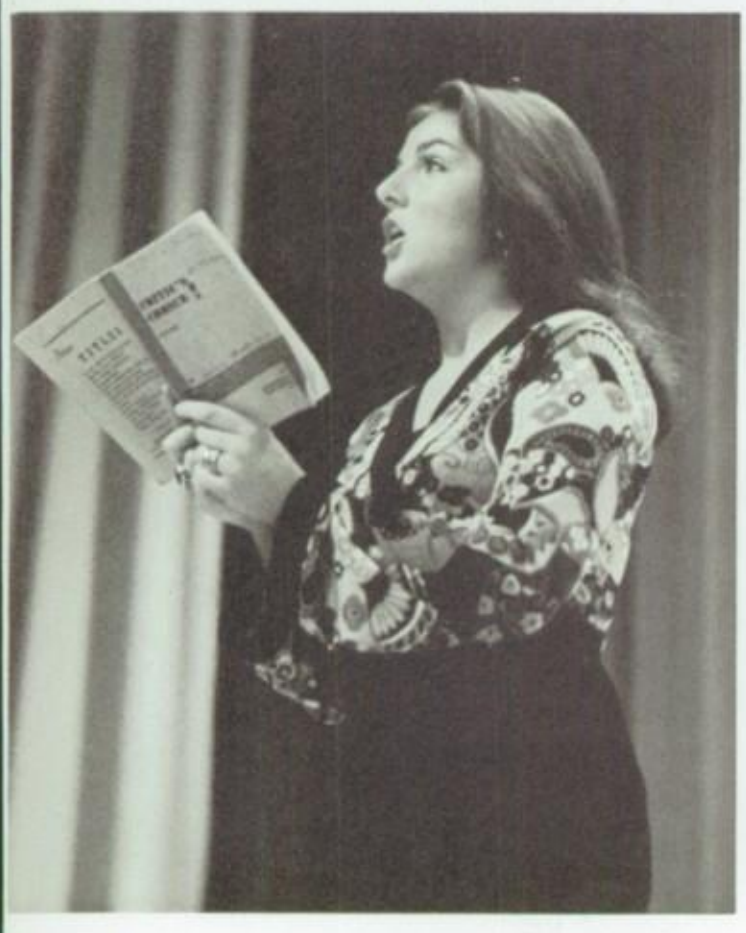
Thespians Perform Vonnegut Drama

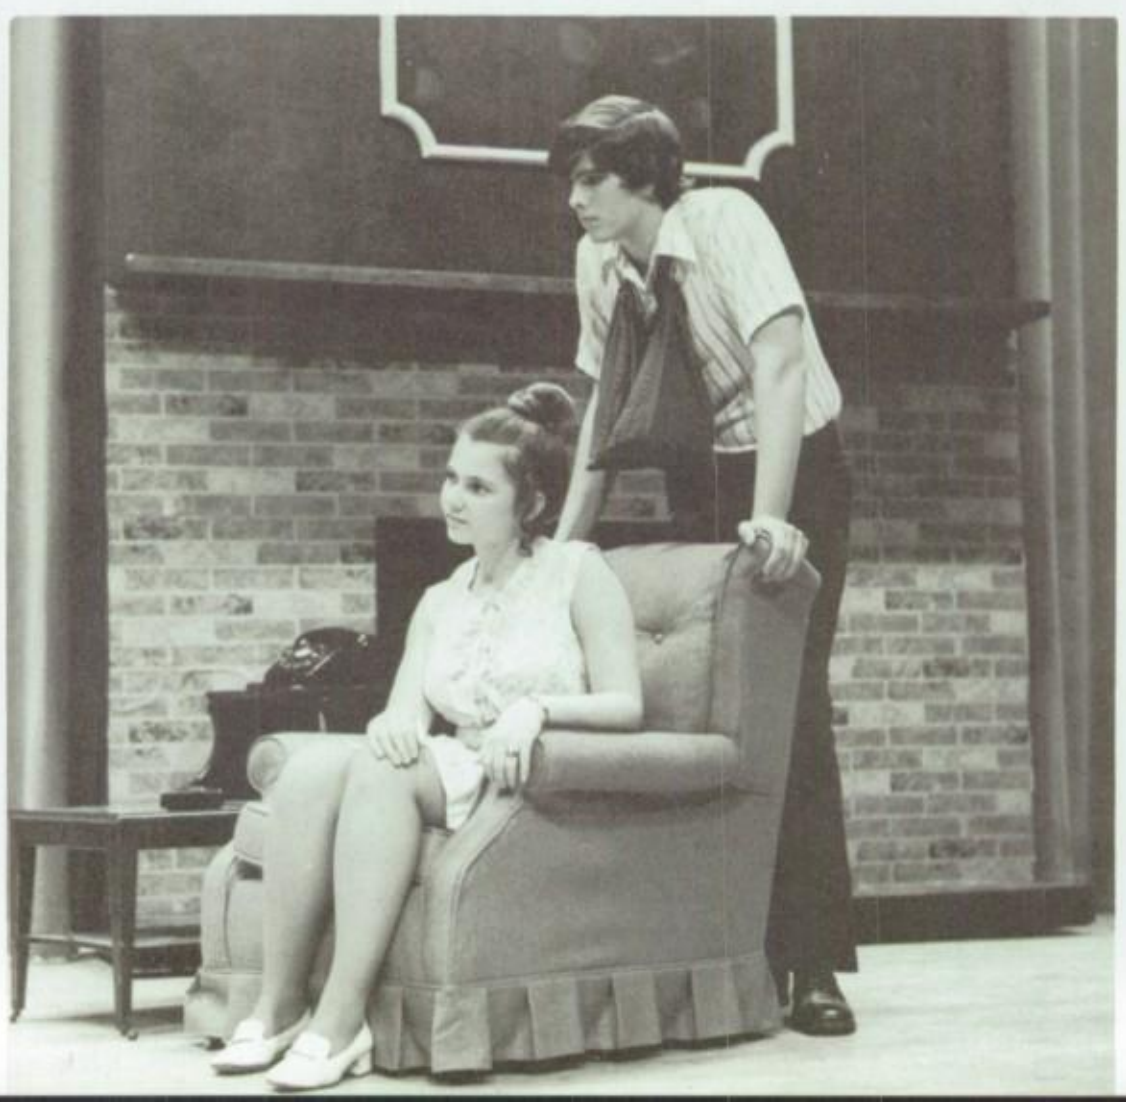


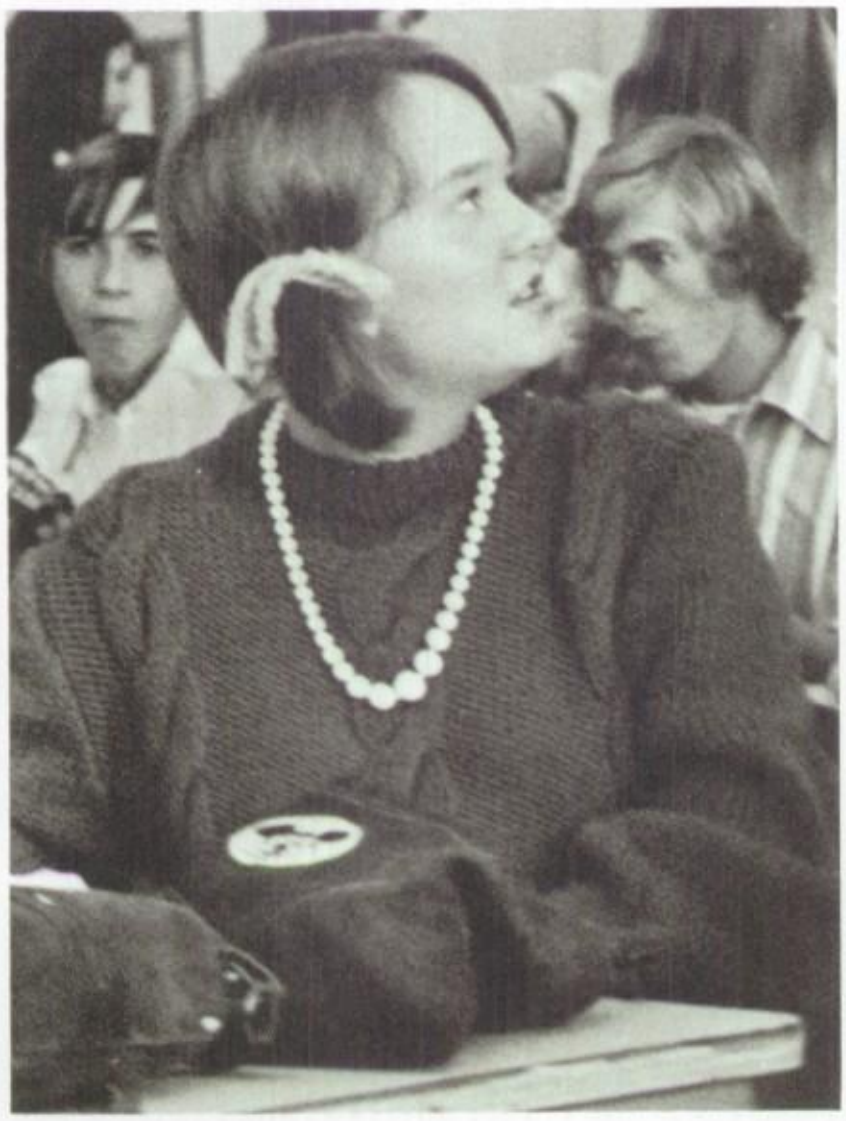
The second annual Junior-Senior class play, Welcome to the Monkey House by Kurt Vonnegut, was presented in our auditorium on November 16th and 17th.

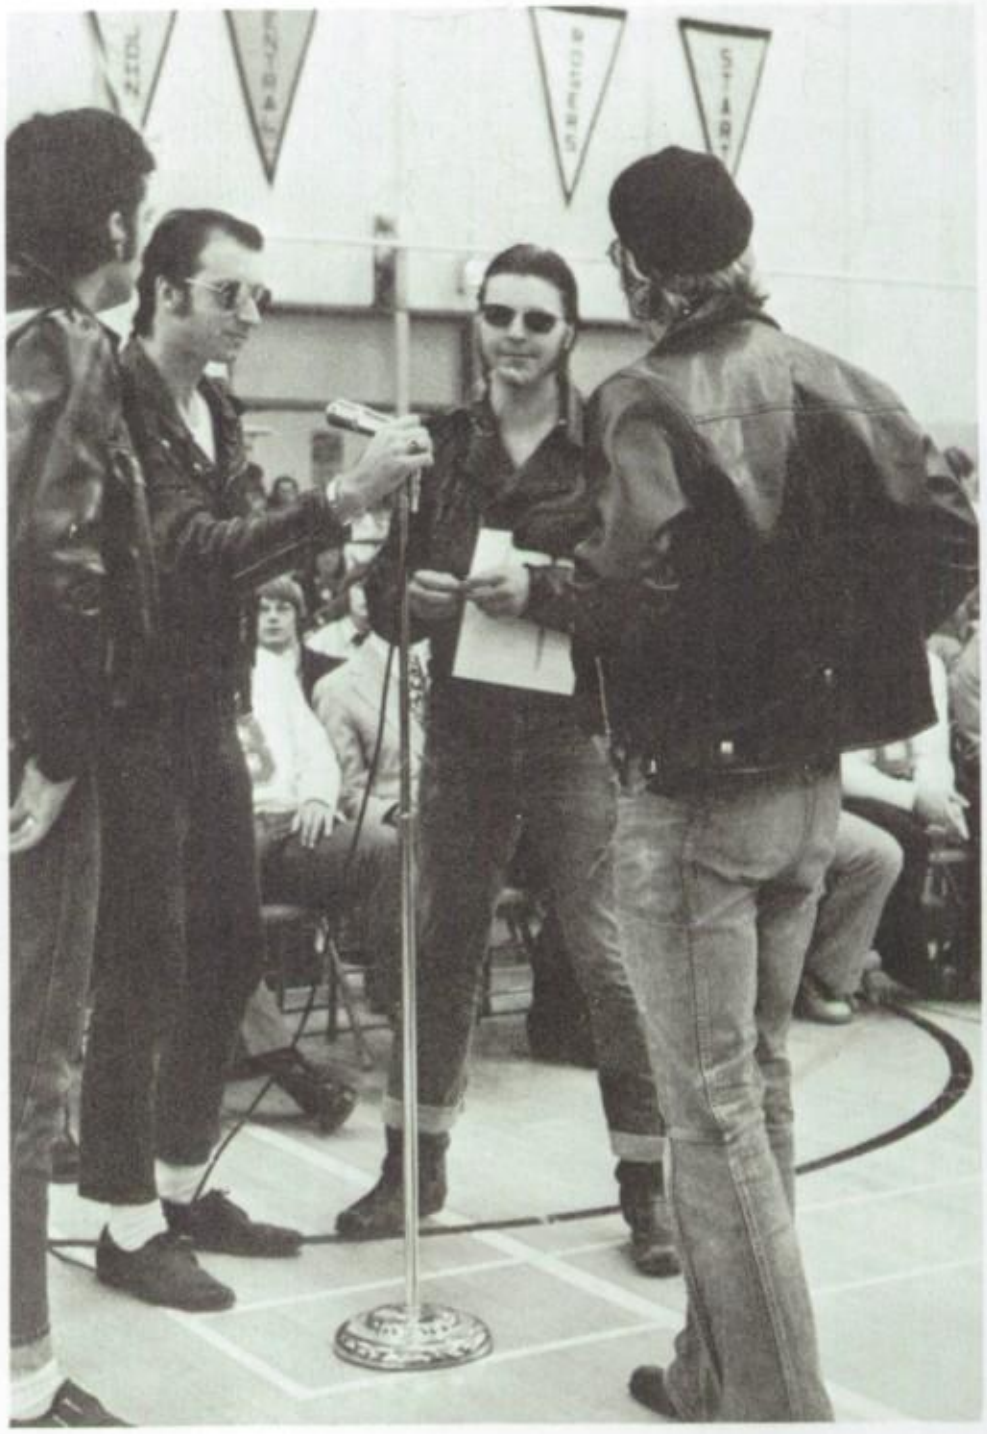
Welcome to the Monkey House was a combination of four sub plays; these included "Handicapper General;" which concerned the life of the common man in the future, and "Miss Julie" concerned the dull life of a working girl (Ann Wetherill) who falls in love with her leading man (Mark Goetting) in the town play. The "Euphio Question" was set in the future and concerned gaining instant happiness by plugging in a machine. "The Kid Nobody Could Handle," played by Rick DiNardo, concerned the reformed life of a teenage Chicago hoodlum. Student directors Jim Biel and Nick Biniker were advised by Mr. James Vogelsang.











In early October Bowsher was again invaded by bobby socks, saddle shoes, and greasers. The Alchemists sponsored the second annual Fifty's Day Celebration. In addition to the school-wide dress up there was also a pep rally and dance. That night the Alchemists collected $300.00 by selling dance tickets, bagels, and other refreshments. The dance featured Myron and the Vandells who specialized in rock'n roll music . . . what else!

Several ski outings were held this year — one in December and one in February. Highlights of these excursions included two broken arms, one dislocated collar bone, two sprained ankles, a cracked rib, twelve broken ski poles, eleven wind-burnt faces, fifteen bruised knees, forty-five torn ski jackets, one hundred sore bodies, one thousand pictures unsuitable for use in the year-book, and an irregularly high absence rate on Monday morning.

At the end waits victory or defeat -
honor or shame -
Somehow after it's over I'm never

moves inside your throat,
The way your muscles twitch as the
gun is raised into the air,
The way you're sure your lungs will burst
before the race is won -
Liquid motion, jumping legs,
sprawing arms, aching backs -
All wearing a determined face,
I've grown because I've reached or
sweated, or tried, or even seen.

Clouds are not the cheeks of angels,
you know they're only clouds.
Friendly sometimes,
but you can never be sure.
If I had longer arms
I'd push the clouds away
or make them hang above the water
somewhere else, but I'm just a man
who needs and wants,
mostly things he'll never have.
Looking for that thing that's hardest
to find -
I've been going a long time now
along the way I've learned some things.
. . .But I've never been able
to push the clouds away by myself.
Help me.

I sing songs for people I can't understand
for people I meet once and will never
see again.
It is for me a kind of loving
A kind of loving, for me.
I make words for people I've not met,
for those who will not turn to follow
after me.
It is for me a kind of loving.
A kind of loving for me.

It is for people I sing -
Sometimes yellow, sometimes
green or red -
My songs always let me feel
What can't at first be said.
I make rhymes for people who won't hear
some who will not turn their faces
to meet mine.
It is for me a kind of loving.
A kind of loving for me. *

Julie,
It was a real fun year, wasn't it? Remember all of our confidential talks? I was lucky to have a friend like you to help me along. (joke, joke). Hope you make it to the all-boys band this summer. I wish I could think of something to say. With you and Debbie talking I can't concentrate. It was really funny, almost every time I talked to you, you had a new story about band. Ha! Ha! Well I can't think of anything to say. Have fun this summer.

I only know I learned one day
I don't know how, or when,
or where.

I know that I can do it ,.
and one day so will you.

I'll show you what I learned,
If in return you'll try.

I can't tell you how, or when,
or where.

I only know that you will learn
one day.

Julie,
This makes 2 years of high school.
and 1 more for me! I can't wait!
Glad you were in my English class, although
it wasn't as fun as Health last year!
RIGHT? Oyyie so interesting! OH, GOD.
See ya next year. Good Luck.
Love,
Joanie

The 1974 Apogee Staff
would like to sincerely thank our sponsors
and patrons for their continued support.
It is gratifying to know that at a time
of inflation and economic uncertainty
many people renewed their past
generosity to Bowsher.
The yearbook could not function without
this support. Again, as in the past,
thank you . . . thank you.

who needs more power plants anyhow!

You do.

If you want to use the products you own today and will own tomorrow. Most are powered by electric energy.

If you want to work. Every job requires the use of electricity in some form.

If you want to live in a quality environment. Most pollution control equipment runs on electric power.

You need power plants . . . for all your wants.

Julie,

Well, the year has come to an end. It sure has been fun. I've known ya for a real long time, you're a real great friend. I'll never forget Girl Scouts and all the stuff we used to do. Remember the time when we went to your grannies in the country, that was a blast. I don't know how we managed to survive through Spanish, it was so boring. Remember good old Leitner, and that super Spanish club! Ha, Ha. Remember those Piano lessons you were supposed to give me. I'll never forget that time we stayed overnight at your house, up in your attic and about 4:00 in the morning we ate a whole pan of brownies. Then we took a tour of your real attic. Remember we'd always used to play doctor, when we were little then of course. Well, I guess that's about all I have to say. I hope we can stay friends for the longest time. I wish you the best of luck in the coming years.

the class with class + spirit!

Julie,
Even though I don't know you that well, you seem like a nut. But it happens to the best of ya. Your probably nuts because anyone who stays in band a year with Kohler has got to go kuny. Take care in the future, see you this summer.

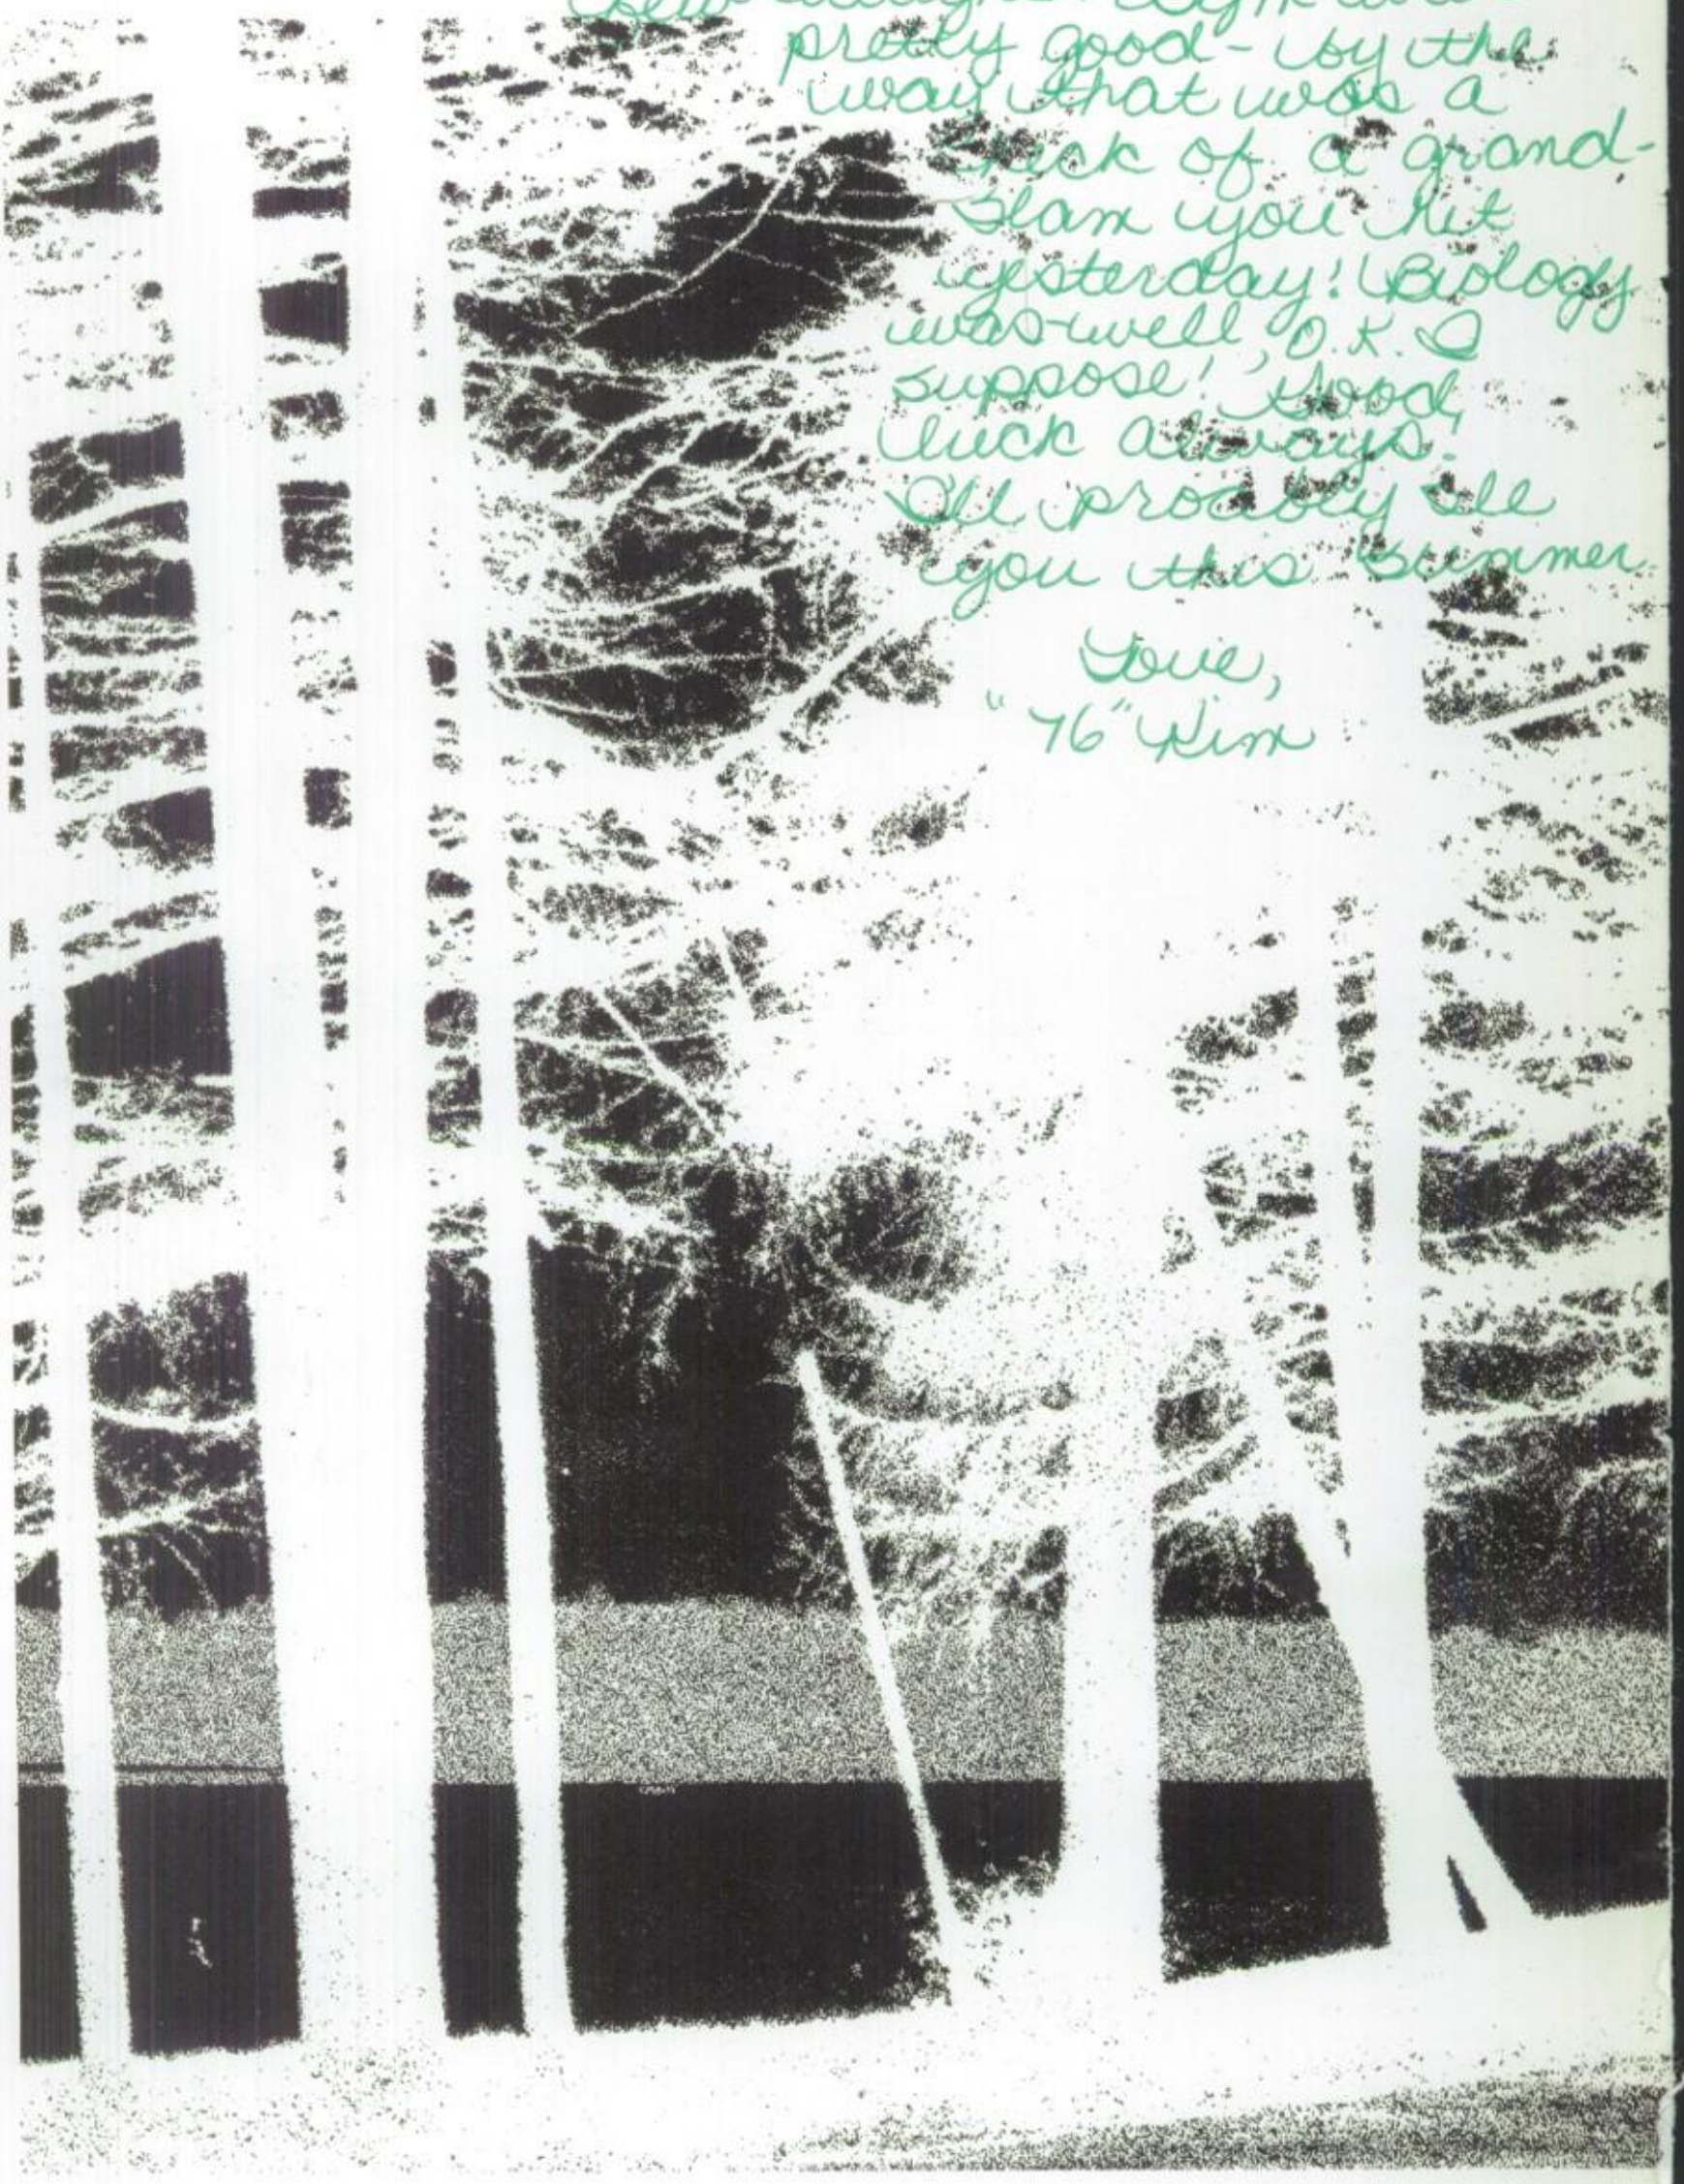
Julie - I'm glad we got to know each other this year cos' we've had a few laughs. Gym was pretty good - by the way that was a smack of a grand-slam you hit yesterday! Biology was - well, O.K. I suppose! Good luck always. I'll probably see you this summer.

Love,
"76" Kim



Julie,
It was really fun in Osborn's room even if I did laugh the hell out of you!
Take Care

Julie,
It's been great listening to you play the flute this year. Too bad you can't play it like I do!! I wish you the best of luck with the band next year
I have fun during marching season.

Well Julie, sweetie,

What is this about Jeff Stewart and the homecoming dance! Wow, really getting around. After Susie gives Bradley the final pitch be sure to catch him on the rebound. Sorry, I talk your ear off but I know you just hang on to every last word (HA!) I know you hate how I go on and on and at the moment with you yelling in my ear it's getting even more difficult! Maybe someday, you'll explain to me all the stuff that Connie wrote... okay? Be good to Brad and maybe just maybe... I still haven't figured out what to get him for graduation... ^as if I am! all those fun times we've had to-gether in Band, can't wait until next year, especially marching (maybe I'll watch you. (RESERVED) ^wow, I've never had a reserved page before!

What Brad wrote to you is enough to make anyone shake, even me! Sure I'll take you for a little drive in my decrepit old Mustang, right down Garden Road (a dozen times if that's what you want!) Maybe not this year but this summer!

You realize, we don't know each other very well... we really should (especially since you've got that cute cousin!---) We'll have to do some flaky, spazzy things (with Connie & Julie B. too.) to-gether-okay?!

Would you believe I'm running out of things to write --- you're a really great person, and I'm looking (very far) forward to working with you in Orchestra!

See ya around I'm sure & take care of Brad.

Luv ya,

Pam Manthey

Looking forward to seeing you in COLUMBUS! (Aug 3)

I hope you can make some sense out of the preceding mess!

(RESERVED)

Julie,

Might as well write upside down like I do almost everything else. We've had fun in all 3 classes & probably we'll have fun next year too. Just watch & see how many classes you, me & Buddy get in together. At least Band. Don't you hope Kahler leaves? Its going to be bad next year. I can't even say wait till we're seniors because it'll be even worse - like Cadet Band. Biology was pretty good sometimes - like that time Wally was there. Oh well. Del - that guy I tell ya. (just thought about him - in fact he's in the room) Well - enjoy the summer & I know I'll see you next year if not this summer. My hand hurts.

Stay cool.

Julie - can you believe this year? can you believe anything? Its been a riot with you in typing (remember our 2-finger signal?) and in gym. Too bad Im not in the band you spazzes, would'nt I really add to it? I could play the finger cymbols! Hopefully, we could get the gang together over the summer. Howscome I always believe everything you tell me - you always make me look like the ass! well, somebody has to be it. And you and all your clothes - do you live in a mansion? ill come over and sit in your 200 acre garden sometime, okay? Popover for a dip if the weather gets to ya! Love, Lora "76"

Julie,
